

REMARKS

SEQUENCE LISTING

The specification has been amended to include a Sequence Listing filed herewith via EFS, in compliance with 37 C.F.R. §1.52(e).

The sequences contained within the Sequence Listing are disclosed in the specification as filed; therefore, no new matter has been added.

COMMENTS REGARDING THE NOTIFICATION OF DEFECTIVE RESPONSE

The Notification of Defective Response mailed November 2, 2010 asserts that the Applicant did not fully respond to the Notification of Missing Requirements mailed February 21, 2007. Applicants disagree and note that the Notification of Missing Requirements did not require Applicants to file a Sequence Listing in order to be fully-responsive, and therefore Applicant's response to that Notification was not defective.

CONCLUSION

In the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, Applicants petition for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 07-1048**, referencing Attorney Docket No. **GC818-US**. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
